

1.  **Gamma-ray astronomy**
 - Gamma-ray astronomy and gamma-ray telescope
 - The Imaging Atmospheric Cherenkov Technique
 - Beyond gamma-ray astronomy
2.  **Machine Learning & SETI: How to find aliens**
 - Different ways to look for aliens
 - Introduction to ML and Generative AI
3.  **Handson: Generative AI with Python**
 - Generate your own MC data set
 - Make your first ever Generative AI neural network
